Miniaturized UltrasoundSAT
 Quantitative Ultrasound: Breast ImagingFRI
 Regulatory and Safety Issues With Ultrasound Contrast AgentsSAT
 Therapeutic UltrasoundSUN
 Ultrasound Contrast Agents: Benefits Versus Risks? (Meet-the-Professor)*FRI

Cardiovascular Ultrasound

Carotid UltrasoundSUN
 Imaging of Abdominal TransplantsFRI
 Key Applications of Transcranial Doppler Ultrasound in Adults and PediatricsSUN
 Optimizing the Doppler Examination (Meet-the-Professor)*SAT
 Preoperative Duplex Ultrasound Arterial Mapping (Meet-the-Professor)*SUN
 Transplant ImagingSAT
 Venous ThrombosisSAT

Emergency and Critical Care Ultrasound

Acute Pain Beyond the First TrimesterSAT
 After-hours Pediatric ImagingSUN
 Critical Care Ultrasound: Current Approaches and Future Challenges (Preconvention)**THURS
 Extremity TraumaSUN
 Sonographic Evaluation of DyspneaFRI
 Sonography in Acute Pelvic Pain (Meet-the-Professor)*SAT
 Sonography of the Appendix and Abdominal Wall Hernias (Meet-the-Professor)*SUN
 Thoracic Emergencies in Critical Care (Meet-the-Professor)*SAT
 Ultrasound of Palpable Superficial Masses: Nodes, Bumps, and HerniasSUN
 Venous ThrombosisSAT

Fetal Echocardiography

Basic Fetal Cardiac Screening (Meet-the-Professor)*SUN
 Confirmation of Normal Fetal Heart Anatomy (Meet-the-Professor)*SAT
 Fetal Heart Abnormalities Requiring Immediate Postdelivery AttentionSUN
 Fetal Heart, First Trimester, Safety of Doppler Ultrasound, and New Uses in ObstetricsSAT
 Guided Tour of the Fetal Heart: Step by Step (Preconvention)**THURS
 Just Images SessionSUN
 Moving Beyond the Normal Fetal HeartSAT
 What Does the Normal Fetal Heart Look Like?FRI

General and Abdominal Ultrasound

Acute Pain Beyond the First TrimesterSAT
 Breast UltrasoundSUN

Interventional/Intraoperative Ultrasound

Just Images Session	SUN
Sonographically Guided Procedures: "How to Do It"— Hands-on Course	FRI
Therapeutic Ultrasound	SUN
Ultrasound in the Operating Room: A "How to Do It" Guide (Meet-the-Professor)*	SUN

Musculoskeletal Ultrasound

Extremity Trauma	SUN
Interventional Musculoskeletal Ultrasound	SUN
Just Images Session	SUN
Peripheral Nerves	FRI
Peripheral Nerve Ultrasound—Hands-on Course	SAT
Sonographically Guided Procedures: "How to Do It"— Hands-on Course	FRI
Sports-Related Hip Disorders (Meet-the-Professor)*	SAT
Ultrasound in the Operating Room: A "How to Do It" Guide (Meet-the-Professor)*	SUN

Neurosonology

Basic Techniques: Real-time Demonstration of Transcranial Ultrasound in Daily Practice (Preconvention)**	THURS
Just Images Session	SUN
Key Applications of Transcranial Doppler Ultrasound in Adults and Pediatrics	SUN
Pediatric Head and Spine, or Neuroimaging Across a Live Border	SAT
Transcranial Doppler Ultrasound: Applications From Fetal Life to Brain Death (Meet-the-Professor)*	SUN

Obstetric Ultrasound

Acute Pain Beyond the First Trimester	SAT
Basic Fetal Cardiac Screening (Meet-the-Professor)*	SUN
Cervical Assessment: Evidence Based (Meet-the-Professor)*	SAT
Challenging Fetal Brain Issues: Posterior Fossa and Ventriculomegaly (Meet the Professor)*	SAT
Coding for Obstetric Ultrasound (Meet-the-Professor)*	SUN
Confirmation of Normal Fetal Heart Anatomy (Meet-the-Professor)*	SAT
Doppler Ultrasound in Obstetrics: Basic and Advanced (Preconvention)**	THURS
Fetal Heart Abnormalities Requiring Immediate Postdelivery Attention	SUN
Fetal Heart, First Trimester, Safety of Doppler Ultrasound, and New Uses in Obstetrics	SAT
Film Panel Session	FRI
First-Trimester Obstetric Ultrasound: Fetal Heart, Bioeffects, and Anomalies	SUN
Guided Tour of the Fetal Heart: Step by Step (Preconvention)**	THURS
Just Images Session	SUN
Medicolegal: Ectopic Issues (Meet-the-Professor)*	FRI
Moving Beyond the Normal Fetal Heart	SAT
Multiple Gestation: Basic, Twin-Twin Transfusion Syndrome (TTTS), and Prescribing TTTS	SUN

Nonobstetric Applications of 3-Dimensional Ultrasound:

Improving Productivity and Work Flow	SAT
Screening Options for Aneuploidy: First Trimester and Sequential	SAT
Three-Dimensional Ultrasound in Obstetrics: Face, Skeleton, and Brain	SAT
What Does the Normal Fetal Heart Look Like?	FRI

Pediatric Ultrasound

Advanced Pediatric Imaging	SAT
After-hours Pediatric Imaging	SUN
Just Images Session	SUN
Key Applications of Transcranial Doppler Ultrasound in Adults and Pediatrics	SUN
Nonobstetric Applications of 3-Dimensional Ultrasound: Improving Productivity and Work Flow	SAT
Pediatric Head and Spine, or Neuroimaging Across a Live Border	SAT

Practice of Sonography

Coding for Obstetric Ultrasound (Meet-the-Professor)*	SUN
Doppler Ultrasound in Obstetrics: Basic and Advanced (Preconvention)**	THURS
Elastography—Hands-on Course	SUN
Evolving Role of the Sonographer: Including Repetitive Stress Injuries	SAT
Fetal Heart Abnormalities Requiring Immediate Postdelivery Attention	SUN
Fetal Heart, First Trimester, Safety of Doppler Ultrasound, and New Uses in Obstetrics	SAT
First-Trimester Obstetric Ultrasound: Fetal Heart, Bioeffects, and Anomalies	SUN
Improving Patient Management With Transvaginal Ultrasound	SUN
Just Images Session	SUN
Key Applications of Transcranial Doppler Ultrasound in Adults and Pediatrics	SUN
Medicolegal: Ectopic Issues (Meet-the-Professor)*	FRI
Nonobstetric Applications of 3-Dimensional Ultrasound: Improving Productivity and Work Flow	SAT
Quantitative Ultrasound: Breast Imaging	FRI
