Reduced Rate for 2010 AIUM Annual Convention

The AIUM will host its Annual Convention and Preconvention Program at the San Diego Marriott Hotel and Marina March 24–27, 2010. *Ultrasound in Reproductive Medicine and Infertility* course attendees may register for the 2010 AIUM Annual Convention at the discounted rate of \$225, and earn an additional 14.5 *AMA PRA Category 1 Credits™* (accepted by the ARDMS) or ARRT Category A Credits. This special registration will give you access to the regular convention program and the Exhibit Hall on March 25–26, 2010. Preconvention Program registration is available separately. Visit www.aium.org for convention program details.

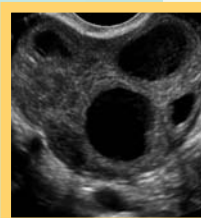

Register before January 15, 2010, to SAVE!

Learning Objectives

At the conclusion of this course, participants should be able to:

- Summarize the appropriate use of sonography in the assessment of infertility, uterine abnormalities, and the pathology of the reproductive tract;
- Describe the proper assessment of early pregnancy and list findings on early pregnancy assessments that are associated with poor outcomes;
- Discuss new developments in sonography, the importance of 3-dimensional sonography in reproductive medicine, and the importance of Doppler blood flow assessment in reproductive medicine and gynecology; and

Target Audience

This course is designed to meet the needs of physicians and other health care providers in reproductive medicine, infertility, and general gynecology.

Course Faculty

Steven R. Goldstein, MD, Course Chair
Professor of Obstetrics and Gynecology
New York University School of Medicine
New York, New York

Misty Blanchette Porter, MD, Course Chair
Associate Professor of Obstetrics and
Radiology
Division of Reproductive Medicine and
Infertility
Dartmouth Medical School
Hanover, New Hampshire

Elizabeth Puscheck, MD, MS
Associate Professor of Obstetrics and
Gynecology
Division of Reproductive Endocrine and
Infertility
Wayne State University Medical School
Detroit, Michigan

James M. Shwayder, MD, JD
Associate Professor
Obstetrics, Gynecology, and Women's Health
University of Louisville School of Medicine
Louisville, Kentucky

Ilan E. Timor-Tritsch, MD
Professor of Obstetrics and Gynecology
New York University School of Medicine
New York, New York

Josef Blankstein, MD

12:00 PM–12:30 PM	Panel Discussion

Continuing Medical Education (CME) Information

Accreditation Statement

The AIUM is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians. AIUM educational activities are planned and implemented in accordance with ACCME *Essential Areas and Elements*.

Designation Statement

The AIUM designates **Ultrasound in Reproductive Medicine and Infertility** for a maximum of 11.5 *AMA PRA Category 1 Credits*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Credits for Sonographers

Sonographers participating in AIUM educational activities may earn credits toward maintaining their professional certification from the following organizations:

American Registry for Diagnostic Medical Sonography (ARDMS)

The ARDMS accepts *AMA PRA Category 1 Credits*[™].

American Registry of Radiologic Technologists (ARRT)

The AIUM is a Recognized Continuing Education Evaluation Mechanism (RCEEM) for the ARRT. This educational activity is approved by the AIUM for ARRT Category A Credits.

Disclosure Policy

The AIUM is accredited by the ACCME to provide *AMA PRA Category 1 Credits*[™] to physicians. As such, the AIUM must ensure balance, independence, and scientific rigor in all of its sponsored activities. To this end, the AIUM requires anyone who is in a position to control the content of an educational activity, including AIUM officers, board members, committee members, faculty, and AIUM staff, to disclose all relevant financial interest(s) with any commercial interest(s). Financial interests may include such things as grants or research support, employment, consultancies, major stock holdings, membership in a speakers bureau, etc. The ACCME defines "relevant financial relationships" as financial relationships in any amount occurring within the past 12 months that create a conflict of interest (SCS2.1). The ACCME considers relationships of the person involved in the CME activity to include financial relationships of a spouse or partner.

Conflict of Interest Policy

The AIUM has instituted a process that goes beyond simple disclosure, with necessary interventions to resolve any conflict of interest before the educational activity begins. All individuals who are in a position to control the content of an educational activity, including AIUM officers, board members, committee members, faculty, and AIUM staff, are required to complete a disclosure form. Individuals who refuse to disclose their financial relationships will be disqualified from their role in the educational activity. The AIUM reviews these disclosure forms for potential conflicts of interest. All potential conflicts of interest are identified and managed by the chair of the CME Committee or designated AIUM official prior to the educational activity taking place. Should it be determined that a conflict of interest exists as a result of a financial relationship, the individual will be contacted by the AIUM, and methods to manage the conflict will be discussed. A form will be available to expedite this process. If the conflict is unable to be resolved, the individual will not be permitted to participate in the educational activity. Individuals involved in planning will be asked to recuse themselves from any portion of the planning where a bias might exist.

Alternative or "Off-Label" Product Policy

The AIUM requires anyone who is in a position to control the content of an educational activity, including AIUM officers, board members, committee members, faculty, and AIUM staff, to disclose their endorsement or use of any alternative or "off-label" product and/or treatment technologies. Individuals are advised that they must inform the audience if their educational material includes any discussion of off-label product use. AIUM educational activities provide a forum to educate and promote the dissemination of new ideas, but the AIUM does not necessarily endorse the findings or conclusions reported by presenters and authors. The intent of this disclosure is to provide learners with information to aid them in making their own judgments.

Documenting CME Credits

The AIUM provides onsite CME certificates to participants that have attended an AIUM educational activity. The AIUM does not submit credits to regulating bodies or certifying organizations on behalf of the participant. It is the participant's responsibility to submit proof of credits on his or her own behalf.

Cancellation Policy

If insufficient registrations for this course are received by **December 31, 2009**, the AIUM reserves the right to cancel the course, and all money paid to the AIUM will be refunded. If registrants choose to cancel their course registration before December 31, 2009, they will receive a 90% refund. After December 31, 2009, and no later than January 22, 2010, a 50% refund will be given. After **January 22, 2010**, no refunds will be given.
