American Institute of Ultrasound in Medicine in collaboration with the Andrews Research & Education Foundation presents

HANDS-ON DIAGNOSTIC AND INTERVENTIONAL MSK Ultrasound
Pensacola, FL May 19–22, 2016

Earn up to 21.5 *AMA PRA Category 1 Credits*™ (accepted by the ARDMS) or 21.5 ARRT Category A Credits.
Faculty

J. Antonio Bouffard, MD
Course Cochair
Department of Orthopedic Surgery and Sports Medicine
Detroit Medical Center
Detroit, Michigan

Joshua Hackel, MD
Course Cochair
Andrews Orthopedic & Sports Medicine
Gulf Breeze, Florida

Levon Nazarian, MD
Course Cochair
Professor of Radiology and Vice-Chairman of Education
Thomas Jefferson University Hospital
Philadelphia, Pennsylvania

Marko Bodor, MD
Physiatrist
Bodor Clinic
Napa California
Assistant Clinical Professor of Neurological Surgery
University of California
San Francisco, California
Assistant Clinical Professor of Physical Medicine and Rehabilitation
University of California Davis
Sacramento, California

Gerard A. Malanga, MD
New Jersey Sports Medicine, LLC
New Jersey Regenerative Institute
Cedar Knolls, New Jersey
Clinical Professor, Department of Physical Medicine and Rehabilitation
Rutgers School of Medicine
New Brunswick, New Jersey

Ken Mautner, MD
Assistant Professor Department of Physical Medicine and Rehabilitation
Emory Sports Medicine Center
Atlanta, Georgia

Register today!
70 seats available!
Due to its unique, hands-on format, this course is limited to 70 registrants!

Don’t miss this opportunity for hands-on scanning in both diagnostic and interventional musculoskeletal ultrasound. This course is an essential experience for those who are interested in using musculoskeletal ultrasound imaging in their practices.

Bill Medford, RDMS, RMSK
Lead Musculoskeletal Clinical Specialist
FUJIFILM SonoSite, Inc
Seattle, Washington

Patrick Meyers, BS, RDMS, RDCS, RVT
Clinical Science Specialist, Musculoskeletal Ultrasound
Invision Sally Jobe
Aurora, Colorado

Johan Michaud, MD
Department of Physical Medicine and Rehabilitation
University of Montreal
Montreal, Quebec, Canada

Robert Monaco, MD, MPH, RMSK
Director of Sports Medicine
Rutgers University
Clinical Assistant Professor
Rutgers–Robert Wood Johnson Medical School
New Brunswick, New Jersey

Humberto Rosas, MD
Associate Professor of Radiology
Director of Musculoskeletal Radiology Interventional at UW Hospital
Director of Musculoskeletal Radiology for The American Center
University of Wisconsin School of Medicine and Public Health
Madison, Wisconsin

Jay Smith, MD
Professor of Physical Medicine and Rehabilitation
Departments of Physical Medicine and Rehabilitation, Radiology, and Anatomy
Mayo Clinic Sports Medicine Center
Mayo Clinic
Rochester, Minnesota

Wayne Smith, DPT, ATC, RMSK
Supervisor, Musculoskeletal Ultrasound
Arizona Rehabilitative Services
Associate Professor, Physical Therapy
A. T. Still University
Phoenix, Arizona

Preliminary Schedule

Thursday, May 19, 2016
8:00 AM—4:45 PM

Topics Covered
- Overview of Diagnostic Musculoskeletal Ultrasound
- Ultrasound of Shoulder Pathology
- Shoulder Therapeutics
- Ultrasound of Elbow Pathology
- Elbow Therapeutics
- Ultrasound of Hand and Wrist Pathology
- Hand and Wrist Therapeutics
- Ultrasound of Knee Pathology
- Knee Therapeutics

Cadaver Demonstrations of Shoulder Procedures, Elbow Procedures, Hand and Wrist Procedures, and Knee Procedures

Friday, May 20, 2016
7:30 AM—12:00 PM

Topics Covered
- Ultrasound of Hip Pathology
- Ultrasound of Inguinal Hernias and Athletic Pubalgia
- Hip and Pelvis Therapeutics
- Ankle and Foot Pathology
- Ankle and Foot Therapeutics

Cadaver Demonstrations of Hip and Pelvis Procedures and Ankle and Foot Procedures

Saturday, May 21, 2016
7:00 AM—1:00 PM

All-Day Hands-on Cadaver Lab
Shoulder, elbow, wrist, and hand ultrasound will be covered.

Sunday, May 22, 2016
7:00 AM—1:00 PM

All-Day Hands-on Cadaver Lab
Hip, pelvis, knee, ankle, and foot ultrasound will be covered.
Accommodations

**Margaritaville Beach Hotel**
165 Fort Pickens Road, Pensacola Beach, FL 32561 USA
850-916-9755
Group ID number: Andrews Institute 184381
Room rate: $199 single/double plus applicable taxes

**Hotel Reservations**
To receive the listed discounted room rates, reservations must be made no later than April 11, 2016.

**Travel**
It is recommended that participants use Pensacola International Airport, which is about 25 minutes from the Andrews Institute. Access to and from the airport is provided by taxi, shuttle service, and rental car. Visit www.visitpensacola.com. Travel arrangements are the sole responsibility of the individual registrant.

The AIUM will provide shuttle service from the hotel to the event facility and back once a day. There is free parking at the facility and the hotel for those driving.

**Course Description**
This course comprehensively reviews the application of musculoskeletal ultrasound for performing diagnostic studies and guiding interventional procedures in the upper and lower limbs. Expert faculty demonstrate the common pathologies and relevant ultrasound-guided procedures for patients presenting with regional complaints in the shoulder, elbow, hand-wrist, hip, knee, and ankle-foot. Core lectures are supplemented by faculty-supervised hands-on experience, both scanning live models and performing ultrasound-guided procedures on unembalmed cadavers.

**Target Audience**
This course is designed to meet the needs of learners who already have experience in musculoskeletal ultrasound, but would like to bring their diagnostic and interventional skills to a higher level. The course material is appropriate for physicians, chiropractors, podiatrists, sonographers, and other health care professionals who evaluate and treat patients with regional musculoskeletal disorders.

Register online at www.aium.org
Course Objectives
At the completion of this course, participants should be able to:

• Describe the sonographic appearance of commonly encountered pathologies in the upper and lower limbs as well as the important role of ultrasound-guided procedures in the treatment of these pathologies.

• Outline the steps necessary for successful completion of ultrasound-guided interventional musculoskeletal procedures.

• Discuss the indications and techniques for basic ultrasound-guided procedures such as aspirations and injections, as well as more advanced procedures such as percutaneous needle tenotomy, needle release of the carpal tunnel, and platelet-rich plasma injections.

Accreditation Statement
The American Institute of Ultrasound in Medicine (AIUM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide CME activities for physicians.

Designation Statement
The AIUM designates this live activity for a maximum of 21.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Credits for Sonographers
Sonographers participating in AIUM educational activities may earn credits toward maintaining their professional certification from the following organizations:

American Registry for Diagnostic Medical Sonography (ARDMS)
The ARDMS accepts AMA PRA Category 1 Credits™.

American Registry of Radiologic Technologists (ARRT)
The AIUM is a Recognized Continuing Education Evaluation Mechanism (RCEEM) for the ARRT. This educational activity is approved by the AIUM for 21.5 ARRT Category A Credits.
Disclosure Policy
As a provider accredited by the ACCME, the AIUM must ensure balance, independence, objectivity, and scientific rigor in its educational activities. Course director(s), Planning Committee members, faculty, and all others who are in a position to control the content of this educational activity are required to disclose all relevant financial relationships with any commercial interest related to the subject matter of the educational activity so that the AIUM may identify and resolve any conflicts of interest before the activity. Disclosure of this information will be published in course materials, along with disclosure of any commercial support received for the activity.

Registration Fees

</table>

- Course fees include 3 breakfasts, 1 lunch, refreshment breaks, reception, and an electronic course syllabus (a printed syllabus will not be provided).
- This course will be limited to 70 participants. All membership dues must be paid through the dates of the course.

Videotaping and Photography Policy
The AIUM and AREF do not allow any unauthorized videotaping or photography during the event except by management and its designated agents. The AIUM and AREF reserve the right to photograph or videotape any exhibits or attendees for use in promotional materials or any other AIUM publication. The AIUM may videotape educational courses for inclusion in the AIUM’s educational video program library.

Cancellation Policy
If registrants choose to cancel their course registration before March 11, 2016, they will receive a 90% refund. After March 11, 2016, and no later than April 14, 2016, a 50% refund will be given. After April 14, 2016, no refund will be given.
