

**TRANSFER OF COPYRIGHT FORM**

*This page must be signed by all authors. A signature below certifies compliance with the following statements:*

1. Copyright ownership of the article named above is hereby transferred to the American Institute of Ultrasound in Medicine (AIUM) on acceptance for publication.
2. The AIUM may publish the article in a forthcoming edition of the *Journal of Ultrasound in Medicine* and elsewhere in all media, and the authors thereby assign and transfer all rights, title, and interests thereto, including the right to claim copyright throughout the world and for the full term and all extensions and renewals thereof, to the AIUM, agreeing to hold AIUM harmless from any damages resulting from a breach of the above representations. The copyright assigned to the AIUM encompasses all rights to use the article in any manner throughout the world, including all print and electronic publication rights.
3. If an author wishes to reproduce the article or parts thereof in any medium for distribution purposes, the author must obtain permission from the AIUM and must credit the original source when the material is reproduced.
4. The authors affirm and represent that the submitted article is the authors' original work; that none of the information has been published previously or is under consideration by another publication; that on publication nothing contained in the article will constitute an infringement of any copyright or personal or proprietary rights of others; and that its contents are neither libelous nor constitute an invasion of privacy.
5. The authors have participated in all 3 of the following:
  - Substantial contributions to conception and design, acquisition of data, or analysis and interpretation of data,
  - Drafting the article or revising it critically for important intellectual content, and
  - Final approval of the version to be published.
6. The content of the article complies with the institutional review board approval and informed consent requirements stipulated in Section 5 of the *Guidelines for Authors*.
7. The authors affirm that if products discussed in the article are investigational products or products not labeled for use (off-label uses), they are identified as such.
8. This agreement has been signed by all authors who contributed to the article.
9. Authors who were US government employees when the work was conducted must sign the Federal Employment statement below.
