Why Exhibit at the 2011 AIUM Annual Convention?

The American Institute of Ultrasound in Medicine (AIUM), the association for medical ultrasound, invites you to exhibit at the 2011 AIUM Annual Convention, April 14–17, in the heart of the big apple, New York's Marriott Marquis Hotel. The AIUM Annual Convention is the largest educational meeting dedicated to medical ultrasound.

The AIUM is a nonprofit multidisciplinary medical association with more than 8500 members, including physicians, sonographers, educators, scientists, engineers, students, practice luminaries, and other health care providers from around the world. When we last visited New York in 2009, the Scientific Program and Exhibit Hall drew a record crowd of more than 1900 corporate and clinical health care professionals, and AIUM membership has grown more than 8% annually for the past 2 years, showing our ever-expanding presence and value in the community.

As an exhibitor, you gain direct access to principal decision makers with purchasing power who are interested in the latest technology and ultrasound research, experiencing hands-on courses, enhancing professional skills, and participating in collaborative networking events. Attendees are seeking face-to-face contact with manufacturers and product demonstrations used to evaluate current and future purchases for their practices, hospitals, or facilities. In 2010, 94% of attendees visited the Exhibit Hall; 80% of attendees make or influence buying decisions and have indicated that exhibits helped them evaluate and plan future purchases for their own facilities, research institutions, and private practices.

Exhibitors also have the opportunity to attend sessions and courses and be privy to all the latest developments and trends in the field of medical ultrasound. For every 10’×10’ exhibit space purchased, your company also receives a complimentary Scientific Program registration, providing one of your representatives the chance to earn CME credits.

Whether you want to sell your product, network with peers, or research the market, you won’t find a better opportunity to meet your target audience than at the 2011 AIUM Annual Convention.

The demand for exhibit space and support has regularly sold out in recent years. Submit your exhibit registration form today for best space location and most profitable exhibiting experience.

All EDCs must also submit a letter to the AIUM indicating the exhibiting company name and an original certificate of insurance that provides for not less than $1,000,000 of general liability insurance, including property damage and workers’ compensation. This certificate must name the AIUM as the certificate holder or as additional insurance and must be valid over the dates of the exhibition, including installation and dismantlement. It is the exhibitor's responsibility to advise its EDC of all rules and regulations. The exhibitor agrees that management may prohibit the EDC from working in the facility if it does not fully comply with all rules and regulations set forth for the event. Submit letters to Brenda Kinney, at bkinney@aium.org, by February 25, 2011. Letters received after this date will not be approved, and EDCs will not be allowed to provide their services.

Crate Storage
The exhibitor is responsible for seeing that all of its storage materials are delivered to the drayage company and removed from the Exhibit Hall on schedule. These materials should be nested as much as possible. “Empty” stickers, provided at the Exhibitor Services Desk, must be placed on all containers to be stored and returned at the close of the exhibition. Management may make arrangements for items not removed by the scheduled time and may bill the exhibitor for charges incurred.

Tipping
The Freeman Companies request that exhibitors do not tip Freeman employees. Any request for such should be brought to the attention of a Freeman representative at the Exhibitor Services Desk.

Union Jurisdiction
Craftsmen at all levels are instructed to refrain from expressing any grievances or directly challenging the practices of any exhibitor. All questions arising with regard to the union’s jurisdiction or practices must be directed to a Freeman management representative.

Ceilings/Walls
Any items to be hung from the ceiling must be described in full and submitted to Freeman for review and approval. Nothing may be placed or leaned against any wall in the exhibit area. All crates, exhibit panels, and pallets must be kept away from the walls at all times.

Damage to Facility
Exhibitors must surrender space in the same condition it was at the commencement of occupation. Exhibitors shall not injure or deface the walls, columns, floors, or furnishings of the exhibit facility. Should damage occur, the exhibitor will be liable.

Liability
The AIUM and the New York Marriott Marquis Hotel will not be responsible for loss or damage to displays while being brought into or out of the hotel or while on the premises of the hotel. In all cases, exhibitors will assume responsibility for loss or damage to property and accidents and injuries to exhibitors, employees, contractors, and meeting participants. Exhibitors will hold harmless the AIUM and the exhibit facility for all liability.
Rules and Regulations

A. General

1. Definitions
Used herein, “management” shall mean the AIUM, its agents, and employees acting for the management of the exhibit of the facility. “Exhibitor” shall mean any company contracted to exhibit, its agents, and employees acting for the company.

2. Interpretation
Management shall have full authority in interpreting and enforcing all rules set forth herein.

3. Eligibility
The AIUM retains sole authority to determine the eligibility of any company, product, or organization to exhibit. The AIUM may refuse exhibit space to a potential exhibitor for any reason.

4. Exhibit Hall
Dimensions and locations shown on the official floor plan are believed but not warranted to be accurate. Management reserves the right to make modifications. All exhibits must be assigned by the AIUM.

B. Exhibit Hall
All exhibitors are equal regardless of size and should be given an equal opportunity, within reason, to present their products in the most effective manner to the audience.

1. Booth Height
Linear Booths: Booth height, including signs, banners, and displays, shall not exceed a back wall height of 8’ and side walls of 3’. Exhibits cannot include or overflow into an aisle or adjoining booth.

Islands: Booth height, including signs, banners, and displays, shall not exceed 12’. Exhibit height subject to ceiling height restrictions. Exhibits cannot include or overflow into an aisle or adjoining booth.

2. Line of Sight
Standard in-line booths must not block the line of sight of neighboring booths. Exhibits must be kept inside their allotted space. All display fixtures greater than 4’ in height and placed within 8 linear feet of an adjoining booth must be confined to the back half of the booth, which is at least 3’ from the aisle. Exhibitors wishing to use nonstandard booth equipment, special signs, or materials conflicting with the construction regulations must submit 2 copies of a detailed sketch of the proposed layout to the AIUM at least 60 days before the convention. Written approval from management must be received before construction is ordered and/or booth installation begins. Submit to Brenda Kinney at bkinney@aium.org.

3. Appearance
Any part of an exhibit that does not lend itself to an attractive appearance, such as unfinished end or side panels, must be draped at the exhibitor’s expense. Management has the right to have such finishing completed and billed to the exhibitor.

4. Subletting
Booth space may only be occupied by the assigned exhibitor. An exhibitor shall not sublet, assign, or share any part of the exhibit space. Persons, firms, or organizations not having contracted with management for exhibit space may not display or demonstrate any products, processes, or services, solicit orders, or distribute surveys or advertising materials at the event or exhibit facility at any time.

5. Failure to Occupy Space
Any space not occupied by the close of the exhibit installation period will be forfeited by the exhibitor, and no refunds will be provided. The space may be resold, reassigned, or used in any way management designates. Any materials on hand will be removed, and the exhibitor will be billed for charges incurred.

6. Exhibitor Conduct
Exhibitors are expected to conduct themselves in a professional manner. The use of deceptive and/or unethical methods to obtain information and/or gain an advantage over a competitor is considered a violation of the Code of Conduct.

Exhibitors may not:
• Engage in sales activities while in any room where an educational activity takes place.
• Display or advertise products or services of any kind other than those manufactured or sold by them in the regular course of business.
• Place business cards over official AIUM badges or alter the badges in any way.

Representatives of exhibiting companies are to remain in their assigned booth space when working, eg, demonstrating products and passing out literature. In no case will the use of the aisles or thoroughfares for this purpose be permitted.

7. Signs/Advertising Pieces
Exhibits, signs, and displays are prohibited in any part of the public space or elsewhere on the premises of the meeting facility, guest rooms, and hallways of the hotel unless approved by management and the hotel.

Promotional materials and events presented to prospective AIUM convention attendees before or after the convention must be approved by the management. Distribution of advertising pieces and other items anywhere outside the designated exhibit booth, such as in public areas, in hotel corridors, under room doors, and in mailboxes of hotel guests, is prohibited. Support opportunities are available to expand your presence and dissemination of products and services to attendees.
