

Accreditation Application Fee Schedule

Please do not pre-pay for your application. This fee schedule is for informational purposes only. The online application will calculate the accreditation fee automatically. If you need help with an invoice, please contact AIUM.

1.) What ultrasound specialties are you seeking for accreditation?

* For all OB specialties, you must first select "OB Standard" or "OB Trimester Specific" before selecting any other OB specialty. Each OB specialty is charged as a single specialty.

** REI specialists do not need to also apply in "OB Trimester Specific" and "GYN".
