

# ULTRASOUND MEETS GENETICS: PRENATAL DIAGNOSIS OF RASOPATHIES

Online with Live Q&A | August 2, 2025

## Disclosure Policy

In accordance with the ACCME's Standards for Integrity and Independence in Accredited Continuing Education, all individuals in control of content must disclose any financial relationship(s) or other relationship(s) held within the past 24 months. The AIUM implements a mechanism to identify and mitigate all conflicts of interest prior to delivering the educational activity to learners.

## Presenters and Planners Disclosures

AIUM assesses conflicts of interest (COI) with its faculty, planners, managers and other individuals who are in a position to control the content of certified activities. All relevant potential conflicts of interest that are identified are thoroughly vetted by course directors, AIUM education staff, and members of the compliance team through a process that includes appropriate peer review for fair balance, scientific objectivity and validity, and patient care and safety recommendations.

AIUM has taken the necessary steps to ensure that all relevant financial relationships have been mitigated.
