Be Part of Ultrasound's Premier Conference!

Join your colleagues at the **2026 AIUM Annual Convention | The Ultrasound Event**, the world's premier gathering of ultrasound clinicians, sonographers, radiologists, scientists, educators, and industry partners. This annual event will:

- Update you on the latest ultrasound research and best practices.
- Equip you with new strategies and techniques for improving patient care.
- Connect you to the top ultrasound leaders from around the world.
- Let you preview the newest ultrasound products in the expanded exhibit hall.

“Attending the AIUM Annual Convention was a fantastic experience. The event was well organized, with in-depth scientific presentations, insightful industry demonstrations, and engaging social events that brought everyone together. I learned a lot, and as someone new to this community, I felt genuinely welcomed.”

Youzuo Lin, PhD
Associate Professor
The University of North Carolina at Chapel Hill

“The AIUM Annual Convention is a wonderful venue to spend time with professional colleagues, attend presentations that are given by top notch physicians and sonographers, and become rejuvenated about this amazing profession!”

Pamela M. Foy, MS, RDMS, FSDMS, FAIUM
Clinical Associate Professor and Imaging Training Program Manager
The Ohio State University

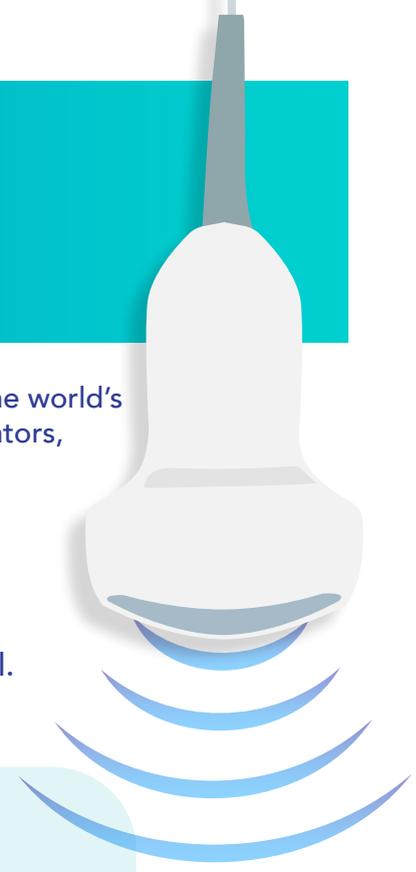

New for Students and Those In Training!

The AIUM announces reduced registration rates for the next generation of ultrasound users and researchers to encourage educators and mentors to bring those in training, like students, residents, and fellows. Plus a complimentary half-day workshop included with an in-training registration purchase. Find these rates on page 7.

First Look: Ultrasound Essentials for Future Clinicians

Saturday, May 30 | 8:00 am–1:30 pm

Led by expert faculty, this immersive workshop guides you through the fundamentals of scanning, anatomy, recognition, and clinical application across multiple specialties—abdominal, OB-GYN, pediatric, vascular, and AI in ultrasound. Gain practical skills, explore career pathways, and learn insider tips.

HALF-DAY

Developing a Gynecologic Ultrasound Program

Half-day Course | 1:00 pm–5:00 pm

This program is designed to assist in establishing a gynecologic ultrasound program. This program addresses limited experience during training, as well as practicing clinicians who desire to enhance the quality of their gynecologic ultrasound studies and improve their diagnostic abilities. The program addresses establishing a protocol for gynecologic ultrasound studies, improving your images. It then addresses diagnosis of common gynecologic conditions, concluding with proper coding and documentation of gynecologic ultrasound studies.

Half Day Rates

MEMBER Physician	MEMBER Nonphysician	MEMBER In Training
\$349 Early Bird Rate \$499	\$229 Early Bird Rate \$279	\$99 Early Bird Rate \$149
NONMEMBER Physician	NONMEMBER Nonphysician	NONMEMBER In Training
\$449 Early Bird Rate \$499	\$329 Early Bird Rate \$379	\$199 Early Bird Rate \$249

Early-Bird Rates Expire March 11

FULL-DAY

Musculoskeletal Ultrasound of the Lower Extremity: Hands-On Evaluation With Pathologic Correlation

Full-day Course | 8:00 am–5:00 pm

This all-day pre-convention course serves as an introduction to the basics of musculoskeletal ultrasound and their application to the lower extremity. Students will learn basic sonographic anatomy and common pathologies associated with the hip, knee, and ankle through both short didactic lectures followed by hands-on scanning on live models proctored by an expert. This course is oriented towards beginners and those wanting to refresh their skills.

Unveiling the Unseen: First Trimester Fetal Anatomic Assessment

Full-day Course | 8:00 am–5:00 pm

This course is designed for clinicians aiming to strengthen their skills in first trimester fetal imaging. The morning session covers the Standard First Trimester Ultrasound (SFTU), including expected anomalies, placental evaluation, and gynecologic organ assessment per imaging guidelines. The afternoon focuses on the Detailed First Trimester Ultrasound (DTFU), offering advanced techniques and diagnostic insights to deepen participants' expertise. Attendees will gain practical, guideline-based knowledge to improve accuracy and confidence in early pregnancy imaging.

Full Day Rates

Important Notes:

Registration for these courses is separate from Annual Convention registration. Attendees may only register for one pre-convention course. In Training rates do not include the ability to claim CME credits.

MEMBER Physician	MEMBER Nonphysician	MEMBER In Training
\$599 Early Bird Rate \$699	\$349 Early Bird Rate \$399	\$149 Early Bird Rate \$199

Expand your expertise while earning CME credit during these 60-minute educational sessions across ultrasound specialties. These learning opportunities include traditional didactic sessions, panel discussions, games and quizzes, and more. Attendees of all skill levels can choose from many topics. Here is a glimpse of some of the sessions available at the convention:

OB Ultrasound Sessions

- Mastering Accuracy and Precision in Fetal Echocardiography
- The 'Top 5' Fetal CNS Anomalies That Should Not Be Missed
- New Developments in Fetal Growth Restriction and Preeclampsia

GYN Ultrasound Sessions

- Ultrasound in the Evaluation of Acute Gynecologic Pelvic Pain
- The Sound Approach: Imaging Tools for Adnexal Masses
- Challenging Gynecologic Ultrasound Unknowns: Stump the Stars

MSK and POCUS Sessions

- MSK Shoulder for Fast-Paced POCUS Settings: 5 Minute Exams That Work
- Acute Abdominal Pain After Hours
- Pediatric MSK Ultrasound: A Rising Modality

Emerging Methods and Applications

- Super Resolution Ultrasound Imaging: Clinical Implementation and Applications
- From Pixels to Patients: AI in Ultrasound
- Conducting Remote QA and Image Review in Global Medicine

Scientific Sessions

Explore sessions across ultrasound specialties to learn from the latest cutting-edge scientific research. Sessions include both oral presentations and case studies.

Explore nearly

100 sessions

Posters

The AIUM will showcase Poster Presentations onsite from a selection of ePosters. Electronic kiosks are also available to view all ePosters during the convention.

You know the best way to learn is to do. That's why the AIUM Annual Convention features hands-on training sessions in various ultrasound specialties. Each **Learning Lab** includes didactic lectures blended with chances for you to try it for yourself with hands-on scanning. We use a 4:1 ratio at scanning stations. Seating is limited, so sign up for these ticketed sessions when you register for the convention to maximize your learning.

Thursday–Saturday

Lab Session: \$75 each

Hands-On Learning Labs | Exhibit Hall

Select your labs as add-ons with your full or daily Convention registration.

Introduction to Shoulder Ultrasound

Thursday, May 28 | 11:00 am–12:00 pm

Gastrointestinal Ultrasound in POCUS: Geriatric to Pediatric Applications and Everything in Between

Thursday, May 28 | 1:30 pm–3:00 pm

Performing the Standard OB Ultrasound: A Step-by-Step Approach to Fetal Anatomy

Thursday, May 28 | 3:30 pm–5:00 pm

Off the Hinges - Advanced Echo Valvular Eval Learning Lab

Friday, May 29 | 1:30 pm–2:30 pm

No Pain, All the Gain! Nerve Blocks to Tame Torso and Hip Pain

Friday, May 29 | 3:00 pm–4:00 pm

No Pain, All the Gain! Nerve Blocks for Extremity Pain

Friday, May 29 | 4:00 pm–5:00 pm

VExUS - Move Beyond the Status Quo in Evaluation of the Critically Ill

Friday, May 29 | 4:00 pm–5:00 pm

Pediatric Musculoskeletal Ultrasound Hands-On Scanning Workshop

Saturday, May 30 | 3:00 pm–4:30 pm

Industry Symposia

Engage with industry leaders while you learn about the latest ultrasound innovations during Lunch & Learns. Details for these non-CME activities will be announced soon on the convention website.

Exhibit Hall

Preview the newest ultrasound products and solutions in the expanded exhibit hall. This is your chance for demos, hands-on scanning, and learning with the latest ultrasound equipment and technologies.

Networking Events

Join your colleagues at a variety of social and networking events including the President's Happy Hour in the exhibit hall, the Ultrasound Unwind Party, and more.

Philadelphia Marriott Downtown

At the heart of City Center, Philadelphia Marriott Downtown makes the entire city easily accessible. Explore the history of Independence Hall and the Liberty Bell, enjoy delicious discoveries at Reading Terminal Market, and visit the Philadelphia Museum of Art.

Standard Guestroom \$229 USD per night,
plus taxes (single/double)

The rate is available for up to 3 days before and after the AIUM Annual Convention based on room type and availability. The AIUM block of rooms will be held until May 4, 2026, or until rooms sell out.

Continuing Medical Education (CME) Information

Activity Description

The Ultrasound Event: 2026 AIUM Annual Convention is the world's premier meeting for the entire ultrasound community. With access to approximately 100 educational courses and scientific sessions, attendees will gain insights from leading experts covering diverse topic areas and ultrasound specialties as well as the latest advancements in ultrasound technology and its applications.

Target Audience

This activity is designed to meet the needs of multispecialty professionals in the field of ultrasound including practicing physicians, sonographers, radiologists, scientists, educators, and students.

Learning Objectives

After participating in the activity, participants should be able to:

- Discuss state-of-the-art ultrasound research;
- Analyze knowledge and skills gained in a diversity of ultrasound specialties as well as basic science; and
- Apply information and skills acquired in the workplace to improve patient care.

ACCME Accreditation

The American Institute of Ultrasound in Medicine (AIUM) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

AMA PRA Category 1 Credit(s)[™]

This activity is approved for AMA PRA Category 1 Credit(s)[™]

*Those In Training are not eligible for One Day Rates.

Additional Registration Options

Pre-Convention Courses | Wednesday, May 27

Learn MSK ultrasound, first-trimester fetal imaging, or how to develop a robust gynecologic ultrasound program. See page 3 for course descriptions and registration rates.

Hands-On Learning Labs | Thursday-Saturday

Practice hands-on scanning across ultrasound specialties. The fee is \$75 per session. See page 5 for details and a list of all 8 learning labs.

AIUM Membership Rates

To be eligible for AIUM registration rates, your AIUM membership must be current through the convention dates.

Save Up to \$400 on Your Registration!

Join the AIUM (before registering for the Annual Convention) to get the lowest rates. AIUM membership helps you advance your career through networking, events, cutting-edge research, and one of the largest libraries of CME credits solely dedicated to medical ultrasound. Become a member now at aium.org/join/renew.

About the American Institute of Ultrasound in Medicine (AIUM)

Through rigorous research, high-quality education, accreditation, and evidence-based training and practice resources, the AIUM is leading the global multidisciplinary ultrasound community. Learn more at aium.org.

Payments and Cancellations

Written cancellation to learn@aium.org must be received by April 27, 2026, to receive a refund of the registration fee minus a \$250 administration fee. Written cancellations received after April 27, 2026, will not receive a refund. In the unlikely event that the program is canceled, seminar registration fees will be fully refunded. However, please note that the AIUM cannot be held responsible for any travel or hotel costs incurred by participants.

In the unlikely event that the AIUM cancels the program, the registration fees will be automatically rolled over as an account credit to be used toward a future course or an upcoming AIUM event. If preferred, registrants may also contact the AIUM by phone at 800-638-5352 to discuss alternative arrangements, including the option of a refund. Registrants of canceled courses will be notified as soon as the decision has been made. Unfortunately, the AIUM cannot reimburse any travel expenses incurred prior to the course cancellation.
